

Antifa and Black Lives Matter wears mask, they both are in lock step with the media and the government and yet we are to believe they are protesting against the government. Both groups are full of shit, and Know-

thing but bullshit. They believe the wrong things like what the sodomite believed pure evil against GOD. Their doctrine is before them.

Black lives do not matter
and Antifa do not
matter...only ALL LIVES
MATTER drop the mike
please.....They are
protesting in circles the
same bullshit know-one
repented of in the past for
the same lies. It is just a
media show for the dumb
sheeple that will not judge,
they are stuck in KNOW-

TIME believing the same
bullshit with KNOW-WAY
to move forward. Anyone
promoting their color or
their beliefs before GOD is
full of BULLSHIT because
we know they never worked
or broke a sweat to know
about their past let alone
their presence, they are
just puppets repeating
what their Idols tells them

with know research, know work, know judgment, know sweat. All they want to know is, "what they can get to for fill their wants and needs".
